## Concept

There are many traditional performing arts and festivals in Akita.

“New Akita’s traditional performing arts festival” is the event which gathers together many festivals within Akita Prefecture. Twenty four teams will perform there for 2 days.

At the venue, there are booths that provide cultural experiences of Akita such as making Magewappa, seeing Akita dogs, and picture taking with Namahage.

There are also booths which provide Akita’s local dishes and Japanese sake.

We will also hold the “meat festival” at the venue.

Please visit the venue with your friends and family.

We are looking forward seeing you.
